

Recovery Re-engagement Plan Worksheet

Use this worksheet to develop a re-engagement plan. First identify the drift. Remember, small shifts matter. Next, choose a corrective action to restore stability quickly. Set deadlines within the next 24–72 hours whenever possible. Check off the area once completed.

Area	What has drifted?	My corrective action (specific and measurable)	Deadline	Completed
Daily Schedule				☐
Support Network				☐
Stress Management				☐
Sleep/Physical Health				☐
Other				☐

Take Action

Complete at least 2 corrective actions today. Notice how your motivation changes after taking action. Write down what worked best so you can reuse it.
