

Mooring Lines Behavior Worksheet

Identify four or five specific behaviors that help you stay abstinent (e.g., working out for 20 minutes, three times a week). Place a checkmark next to each mooring line that is secure today and revisit this worksheet on future days to reassess. **If two or more items cannot be checked, it indicates that relapse drift may be occurring.**

Behavior	Today:	Date 2:	Day 3:	Day 4:	Day 5:

Note specific people or places that are known triggers and should be avoided. Place a check mark next to each trigger you successfully avoided today. Revisit this worksheet on future dates to assess relapse drift.
